Message from the Teachers

Wow!! Another month has come and gone at Kidsplace!! It was a busy month too! The children were excited to come back after Christmas and share stories about their holidays. It was so much fun to see how excited they were to see each other. In January we talked about the ABC's and 123's. It was a great theme to come back to after the holidays. The children were all able to refresh their memories and get them back into the swing of learning. For most of the month, we talked about winter. We played with snow in the sensory table, had snowball fights in the classroom with paper snowballs, skated around the class on paper plates and made lots of fun crafts. The highlight for all the classes though was the start of Show and Tell. All the children were so excited to bring in a special item from home and share it with

their friends. They all did a great job talking in front of their friends. Please make sure to check the calendar for the February Show and Tell dates. During the month of February we will be talking about music, the 5 senses and dinosaurs. We also be talking about Valentines Day. Parties will be held during class. The MWF class will have their party on Wednesday February 14 and the T/Th classes will celebrate on Tuesday February 13. We ask that children who would like to bring in Valentine cards to share with their friends to please not address them to individual children. This makes handing out the cards much easier. We do however encourage the children to write their own names on the cards. Please look on the bulletin board for the sign up sheet for snacks. Please make sure to use the Kidsplace door when entering and exiting the school. There

are classes in progress during our start and departure times and it can be very distracting to the teachers and students if our families are walking through the halls. We also remind you to please remove your footwear at the top of the stairs. Should your child be absent from class please call the school to let us know. This helps the teachers to ensure that classes are running on time and that the planned activities are done. There are times when the teachers wait to see if a child is coming and it can cause a disruption in schedule. We are looking forward to another fun filled month.

Message from the Board

Looking for New Board Members for the 2018/19 School Year!

The school year has been flying by and it's time to start thinking ahead! Soon many of our current Kidsplace families will be moving on and we will be in need of new members to serve on our board next year. Please consider joining us if you plan to enroll your child in Kidsplace next year!

Don't let the word "board" scare you off...it's a great way to become involved in your child's preschool experience and to get to know other parents! We keep the school running smoothly, but it's not a heavy-handed experience...it's actually quite a bit of fun too!

There are monthly meetings and various responsibilities for each position. We would greatly appreciate your time and talent in this aspect of Kidsplace. For more information feel free to email kidsplace-board@hotmail.com.
