Message from the Teachers

Dear Parents,

Another month has come and gone! Thank goodness January is over! It was a long, cold month but we managed to get through it and now we are looking forward to another fun filled month.

With the cold weather we had, the children kept warm and busy in the class. We learned about polar animals, the weather, and all the fun winter activities that you can do. They really enjoyed playing in the snow and ice inside the sensory table. Skating in the classroom as well as having a paper snowball fight was also a highlight of the month.

To top it all off, the children has their first month of Show and Tell. It was a lot of fun. They really enjoyed listening to their friends talk about their special item and especially liked telling their friends about their own show and tell. Please make sure to mark down when your child's next turn is this month. We don't want anyone to miss their turn.

February will be another exciting month. We will be starting the month off talking about friends and feelings and then Valentines. We will be having our Valentine parties on Wednesday February 13 (MWF am class) and Thursday February 14 (T/Th am and pm classes). We do ask that if your child would like to hand out valentine cards to their friends, that you just write your child's name on the card or get them to do it themselves. Please do not address them to individual students. This can become time consuming for the teachers. Sign-up sheets for treats are already up in the class. Please come in and sign up to bring something to share with the class.

We would like to thank all the families for their participation in the first two fundraisers we have had. The money that was raised helps the teachers to purchase supplies and toys for the class. Without your help we would not be able to do some of the activities that your children enjoy.

Just a reminder to please remove your footwear upstairs when you enter the school. We would like to keep the floors dry for all that walk up and down the stairs. Also, please remember to contact the school if your child will be away or if someone else will be picking them up.

Thanks for your cooperation. We are looking forward to another fun-filled month.

Message from the Board

Looking for New Board Members for 2019/20!

The school year has been flying by and it's time to start thinking ahead! Soon many of our current Kidsplace families will be moving on and we will be in need of new members to serve on our board next year. Please consider joining us if you plan to enroll your child in Kidsplace next year!

Don't let the word "board" scare you off...it's a great way to become involved in your child's preschool experience and to get to know other parents! We keep the school running smoothly, but it's not a heavy-handed experience...it's actually quite a bit of fun!

There are monthly meetings and various responsibilities for each position. We would greatly appreciate your time and talent in this aspect of Kidsplace. For more information feel free to email kidsplaceboard@hotmail.com.
